The formal opening of the new school took place on Monday night, when the Assembly Hall was well filled by the scholars, parents and friends. Mr. Fraser, of Consort, gave a very interesting and instructive address, and the scholars gave several selections. Principal MacRae acted as Chairman and declared the building opened.

Most of those present took advantage of the occasion and inspected the building.

Miss Mabel Myles left for her home at Bideford, yesterday.

A large number took advantage of the occasion and had Thanksgiving Dinner at the Hotel.

BUSY BIDEFORD

Despite the drought, despite the gronching all around, the elevator machinery pounds away receiving the golden harvests from the north and south. We seen a nice fat cheek for grain that was only one of three received by a farmer, and we hear he has more to follow, proving there is wheat in the country.

Thanksgiving Day found folks wondering what they had to be thankful for in a time of cropless fields and bare gardens. Our answer is "Let us render thanks for the men and women whose splendid heroism at the front is an inspiration to the whole world. Let us be grateful for the grand persistence of the Allies who mean to "carry on" in spite of everything, that the women and children of generations yet unborn may live as men and not as military machines. Let us be thankful that work has been given us to do in this the greatest war the world has ever seen. "They also serve who only stand and wait," says the poet, and while we're waiting let's knit and sew and stitch as if it were a matter of life and death, as it in reality is, to save some poor wounded Tommy. Ours to keep the Red Cross flags flying over every Canadian hospital overseas.

Something to be thankful for, this! Show your gratitude by joining the Bideford Red Cross right away.

Freemen buy Bonds.
Slaves wear them!

One of Bideford's most popular ladies, Mrs. Procter, left Moose Jaw where she will take up residence for the winter months. Jack Procter and Miss Dolly like it fine and we trust Mrs. Procter will enjoy the life there. She will be greatly missed especially as a Red Cross worker. Best of wishes for prosperity in the new home.

The new Station is nearly completed and we hear the Red Cross is just waiting for the boys to return from harvesting and then there will be the official opening with a Supper and Dance. The Refreshment Committee hope to serve supper for at least 100 persons, are anxiously begging chicken, etc., from all friends and sympathisers, who will help. Leave yours at any of the Stores.

The Bideford babies are growing apace, and, on the word of an expert, they are the very best in the world, worthy of a prize in a baby show.

Mr. M. Potter is spending the winter in Calgary.

Why Canada must borrow money to carry on

Because Canada has put her hand to the plow and will not turn back:—

—our country is in the war on the side of liberty and justice and will stay in it till complete victory is won and the unspeakable Hun is smashed and beaten to the ground;

—a nation at war must make tremendous expenditures in cash to keep up her armies and supply them with munitions, food and clothing;

—Canada must finance many millions of dollars of export trade in food, munitions and supplies which Britain and our allies must have on credit;

—for these purposes Canada must

borrow hundreds of millions of dollars—

And, this money must be borrowed from the people of Canada:—

Therefore, Canada will presently come to her people for a new Victory Loan to carry on.

+ + +

Canadians will loan the money by again buying Victory Bonds.

The national safety, the national honor and the national well-being require that each and every Canadian shall do his duty by lending to the nation every cent he can spare for this purpose.

Be ready when the call comes to see your country through in its great war work

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada

Note and Comment

Arrangements have been completed whereby the Banks will loan money, for the purchase of seed grain, to farmers living on unpatented land.

The rate of interest will not exceed 7 per cent. Those needing assistance must apply to the secretary-treasurer of the municipality in which he resides or, if the district be unorganized, to the provincial officer of the department of municipal affairs, Edmonton. When the application is passed, the Bank makes the necessary loan, taking the usual seed grain security and a lien upon the unpatented entry. The payments are due on January 1st, 1920.

Under this system the homesteader will be able to buy his seed grain, locally, thus saving the expense connected formerly when the seed was handled by the government.

Hippopotamus meat is said to be as good as pork, but the chances are that a lot of hippos running about would muss up a back yard almost as much as chickens.

The industrial life of Canada, at the present, is abnormal. It is estimated that there are over 200,000 people, in Canada, employed on munition work alone, and who are earning big wages. But this condition will not last, there is bound to be a period of readjustment, after the war, in which unemployment will be of more or less formidable dimensions, which period may be of long or short duration. Unless all history's warnings are wrong we may be confronted by a time of sharp depressions when the war is over. What the individual must do is to save, save and then save some more, in order to guard against possibilities. Thrift is at all times a virtue. To-day the lack of it, is not merely folly but a crime.

The respective Editors of the Consort and Coronation papers are in the midst of a controversy over the list of names, published in the Review, as being Sunday guests at the hotel in Coronation. Now that the War is about over these series will wage one of their own, and indulge in a little ink slinging, between meals.

It is to be hoped that the parents, scholars, teachers and citizens in general, will take to heart the message given by Mr. Fraser, on Monday night, at the opening of the School. Nothing tends toward discord quicker than lack of harmony between the teachers, Trustees, parents, and on to the scholars. The example set by the elders is copied by the children, so we should make our actions beyond the reproach of the scholars.

The members of the Board of Trustees were conspicuous by their absence, at the school opening, which fact was freely commented on, even by the visitors from outside the town.
